Our motorcycle radio combines quality components and advanced engineering to provide 120 decibels of quality sound. Our 3 inch waterproof speakers are chromed to compliment your motorcycle. The motorcycle radio provides you the sound you've been waiting for and the sound our competitors will be aiming for.

Don't be fooled by other's advertising higher WATTS, it's the decibels you hear! The higher the decibels, the louder the sound!

If it's loud you want, the Motorcycle Radio is the radio you want.
